Unity Royal Double-Arm Illuminated Magnifying Wall Mirror

M-UN-107-00

In a league of its own, our Unity Royal Double-Arm Illuminated Magnifying Vanity Wall Mirror demands attention from discernable beauty and grooming seekers. The sophisticated and perfected wall mirror extends from a stunningly detailed artisan-made solid brass Royal Plate and the unique design allows the mirror body to be folded close to the wall or extended for more intimate use. Mounted facing the user or on a side wall this remarkable necessity is available in 16 stunning Signature finishes including 22K Rose and Yellow Gold to match your Susan Dunn luxury fauctery, hardware, and accessories. Optical quality 7X Mirror Glass is adorned with a Signature Lighted Emblem that signifies authenticity and well-being. Complex like your complexion, our extraordinary color-changing feature assists in balancing and refining your make-up application to guarantee you look your best in any environment throughout the day and evening from a candlelit dinner to a snowy ski run. Clearly the ultimate Illuminated Magnifying Wall Mirror on the planet, Create Your Sanctuary, and Indulge Your Senses® with this trophy.

Special Features:

- Responsibly source Solid Brass Signature Royal Plate is individually sculpted on state-of-the-art artisan-operated CNC machinery and hand-finished to perfection
- Solid Brass Construction with extending double arms joined and brazed with silver alloys to produce strong and attractive connections while preserving the inherent qualities of premium brass
- Custom-designed and precisely engineered flexible joints enable viewing from a variety of angles and allow for ease of adjustment
- Choose from 16 Signature Finishes including 22K Rose and Yellow Gold
- Optical quality 7X Glass Mirror with Signature Lighted Emblem
- Halo Light - High Power Natural White LED lighting
- Color-Changing feature with special dual controls allows continuous adjustment of light color and light output in a range of soft warm shades of an incandescent lamp to the bright cool white of the noon sky, 2800°K to 4800°K
- Color Temperature: 3500°K with adjustable range of 2800°K - 4800°K

Color Changing Operation:

- To alter the hue of the light, simply press one of the buttons on the back of the mirror
- The top button produces warmer light color and the bottom button produces the cooler light color
- To change the light in small increments, tap either button
- If you hold the either button down, it will change the light continuously as it cycles through the full extent of the range in the direction selected
- When the light reaches the end of its range, press the alternative button to smoothly transition in the opposite direction
- Do not press both buttons at the same time
